

VHSS eNews

Page 1

June has finally arrived and exams are just around the corner. For tips on succeeding in class as well as other useful information visit Mr. Abbey's blog at <http://valleyheights.edublogs.org/>.

- **Co-op Career Fair:** Congratulations to the VHSS Co-op students who recently showcased their work experiences during the school's Co-op Career Fair. The students created displays that outlined where they were working and their role within their company. They answered questions about their experiences as other students toured the fair. Thanks to all of our Co-op employers who are willing to accept our students.
- **Thank you to Norfolk Gardens:** The Valley Heights Eco Team and the Environment Club would like to thank Mr. Case Van Blyderveen from Norfolk Gardens for his generous assistance with our garden projects. This year, he has been instrumental in helping us plant a new garden at the front of our school which is a requirement for our Ontario Eco School certification. Mr. Van Blyderveen's knowledge of native species and his generous donations have been a significant factor in the completion of this project.

The Eco Team would also like to thank Cheryl and Don Hedges and Ontario Coatings who have generously offered to powder coat our new benches made by the Manufacturing and Construction classes. Their contribution will greatly enhance the beauty of our gardens and our school.

- **Congratulations Mr. Wiebe:** Mr. Wiebe has been nominated for an Innovative Teaching Award for his work incorporating our new windmill into his classroom. Well done Mr. Wiebe.
- **Lazy Days of Summer:** Students are reminded that VHSS has a dress code in effect. More information about the dress code can be found at <http://www.vhss.ca/vhssdresscode.pdf>.

Dates

- June 1
Ontario Eco School Evaluation
- June 3
Exam Schedule Issued
